Volvo customer since 2008

In 2002 Don Turkelson was the victim of an attempted truck hijacking and robbery. He was shot in the left leg trying to escape. But things took a big turn for the better when he submitted his story on the hijacking to Arrow’s Back on the Road™ 2008 contest and won a pre-owned 2005 VN 670 tractor. Now, he couldn’t be happier.

“The hijacking incident and gunshot wound I experienced on March 19, 2002 put me out of commission for over two years. After I recovered, I became an instructor at a truck driving school. But I always wanted to get back on the road. Winning the 2005 Volvo VN 670 in the “Arrow’s Back on the Road 2008” contest allowed me to get back to what I love. And I love driving this Volvo VN 670.

“I had driven all brands of trucks in the 11 years I’ve been driving professionally, but I always liked Volvo trucks best. This VN 670 is very comfortable and quiet, has a panoramic windshield for great visibility and a tight turning radius. The interior is well-equipped and the seats are ergonomic and very comfortable.

“The Volvo D12 465-hp engine in my truck is strong, quiet, handles well and has great lugging power up hills. Depending on load and terrain, I’m averaging between 6.7 and 7.4 mpg. Last month, for example, I logged 10,243 miles, used 1,529 gallons of fuel and averaged 6.7 mpg. I’ve driven all brands of engines and this surely compares to the best of them.

“I guess I have a heightened appreciation for safety since the attempted hijacking six years ago, so I like the fact that Volvo trucks are built to be the safest trucks on the road as well. But just in case, I now take a travelling partner with me on every trip – my German Shepherd, Shadow. Between my dog and my Volvo truck, I think I’m in pretty good hands.”
